

DANTE'S SCIENCE FAIR 2012

Tuesday, January 10, 2012

Dear Parents,

Dante will be holding its annual **Science Fair** on Thursday, February 16, 2012. We hope that everyone is looking forward to this event, whether you will be a participant or a visitor to the fair.

In order to prepare for this year's Science Fair, it would be helpful if the Science Committee could know how many children would be participating in the fair. If you are interested in having your child take part in the Science Fair, whether alone or with a partner, please check off the appropriate choice below. A maximum of 2 members is allowed per team, and the team members must be within the **same cycle**. Please remind your child that when undertaking this project, it should be seen to the end. WE will have one finalist from each cycle. We will also take part in the Expo-Science Hydro-Quebec Regional Fair which is held on March 29, 30 and 31, 2012. Three projects will be selected from our Fair and will represent Dante School at the Regional.

The Dante School Science Committee is working hard to make this year's Science Fair a most successful and enjoyable one. Our goal is to have children feel comfortable with science and to gain scientific knowledge.

Please return the **coupon** by January 16, 2012

Sincerely,

Ida Pisano
Principal

SCIENCE COMMITTEE

SCIENCE FAIR

Child's Name: _____ Class: _____

_____ **will participate** in the 2012 Science Fair at Dante

If working in pairs, please indicate the name of the student your child will be working with:

_____ Class: _____
