

IF KIDS RAN THE SCHOOL

By 301/401

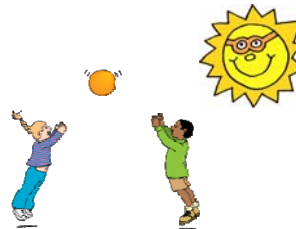

If kids ran the school
It wouldn't be the same.
Everything would be different
And nothing would be lame.

There would be a cafeteria
And the teachers would serve us.
The bus drivers would let us eat
On the big, yellow school buses.

If kids ran the school
It would be so much fun!
There would be more recesses,
We would all play in the sun.

If kids made the rules
Everything would be cool.
We would send the teachers
To buy a new pool.

If kids ran the school
It would be recess half the day.
We would have daily field trips
And we would have fun and play.

Phys. Ed. three times a week,
In time we would all be strong.
Ped. Days three times a month,
March break would be four weeks long.

If kids ran the school
Teachers would do as we say.
We would have an arcade
And a yummy buffet.

For lunch we'd have pizza
Vacations every two months
No homework for us
And we could do stunts.

If kids ran the school
Everything would be allowed.
We would do funny pranks
And everyone would be wowed.

There would be games all day,
Some field trips to a Habs game.
The trips would be the best,
We'd even go to the Hall of Fame.
