

Graduation

By Victoira Infantino, Julia Papillo & Lisa Rinaldi

Graduation is almost here
Recess is over it's time to work harder
Although we will miss our friends
Day by day we will have cherished memories
Unknowledgeable about what will happen next
A new adventure will begin
Time to change
It is a new chapter in our lives
Opening our minds
New beginnings

Graduation

Greater things are waiting to happen
Rightfully you are on your way
And there is more in the future to uncover
Dad and Mom will be proud
Use your talents to be the best you can be
All this time we have worked really hard
This will not be the end, but a new beginning
Inspire your peers and you will shine
Open the doors of your heart
Never quit dreaming, but hold on tight to your hopes
