

The following list is the reward system we will have for The Montreal Children's Hospital Fundraiser. Once we count all the donations and reach a final school total, the students will know how many of the following they have earned. For example, if the final school total is \$2 500 the students will see all the rewards from \$2 500 and below. Most teachers will do their activities on March 15th unless otherwise indicated. School wide special days will be written in the agenda as they come up in March and April.
